

Huw Wilson-Thomas Manifesto

My name is Huw Wilson-Thomas, I am a mature student in the second year of the BSc Bioveterinary Science degree. I have a passion for education and ensuring the learning experience and journey is beneficial for all learners. I have experience in a range educational settings as both a learner and as a member of staff, this given me a wealth of experience and knowledge of cross sector education for adults. Before starting Higher Education, I worked in sales progressing to management and for a community adult education charity. My work with the charity as the management of Information and Systems officer allowed me to gain insight into the learners journey and quality control and assurance within an education sector. I also delivered outreach IT with embedded literacy which I enjoyed. This variety of roles and experiences along with my own time as a student will help me fulfil my role as Education Officer.

In my role as Education Officer for Hartpury Students Union, I will;

- be an **active listener and voice for all learners** at Hartpury, whether young, old, sport, animal, agriculture or veterinary nursing.
- be **open, honest and forthright** in ensuring the student voice is heard.
- engage fully and in **partnership with students and staff** to boost the extra curricular activities available and the uptake on those actives.
- investigate **new options for additional learning** opportunities within the Hartpury.
- collaborate with the Clubs and Societies member to **enhance on and off site student quality of life**.
- work in partnership with the inclusion manager on the Peer2Peer Student Academic Mentoring scheme to ensure HE students are **either helped or guided to the relevant department for their individual needs**.
- Investigate the usefulness of a Peer2Peer Student Academic Mentoring Scheme for College students.
- review previous data regarding student views and make my best endeavours to ensure that any **ongoing/outstanding concerns are addressed along side future views**.
- **be an advocate and learning ambassador** of Hartpury and all that can be achieved here.
- **work hard to fulfil my responsibilities**.
