

Hi! We are **Jenny** and **Georgie**. We are the first ever dual Candidacy to be running for your future vice president.

We joined Hartpury college to continue our studies in the uniformed public services to succeed in our chosen career in the future.

We feel we are both very approachable and are highly driven individuals as well as striving as a team.

We both come from different cultural environments however coming to Hartpury allowed us to become friends. We feel Hartpury is a highly diverse place and it needs to be appreciated more.

If were to become your future vice president, we pledge to:

- Equality and Diversity
We believe the equality and diversity is already up to a good standard so our aim is to maintain and keep Hartpury welcoming.
There are a variety of ethnic groups and sexualities in Hartpury. we plan to avoid any group being discriminated because of it such as encouraging the LGBTQ+ to come together with pride for different events.
However, if you think it can be improved it. We will listen.
- Green Seating area
We believe there is a lack of seating area around campus which is restricting people from being able to socialise with others. An increase of seating areas will help to bring Hartpury closer outside of lectures.
Having specifically 'green' seating areas will not only help the students but help the environment.
- More social events
We plan to not only increase the amount of socials but improve the quality of the socials meaning we will expand out of legends so it isn't just a repeat all the time.
We think it is important that the Hartpury student enjoy the socials and gives them a chance to connect with people they wouldn't normally come across.
- Charity and volunteering
One of our main roles is too encourage the amount of charity work our students are involved with. This is important as when Students co-operate with charity's it allows them to expand their social circle due to charities involving people from all different backgrounds, by doing this new exciting opportunity are likely to arise.

Double the ears, double the room for listening too ideas!

Vote for us as the first ever dual candidacy 😊
